

Best Buy to Let Lender

BM SOLUTIONS

Congratulations to BM Solutions for coming top in the category for Best Buy to Let Lender

BM Solutions wins this title for the second consecutive year, bearing testament to its continuous efforts to ensure that its technology is second to none. The lender's One Minute Mortgage promise does exactly that, allowing brokers to give their clients a yes or no in 60 seconds.

Since November 2006, BM Solutions has been able to issue an offer within 15 to 20 minutes at point of sale, on new and remortgage applications up to 75% LTV. It then sends confirmation right away which the broker can print off in their office. It also offers the most competitively-priced AVM in the market.

BM Solutions is, of course, a huge player in the ever-popular buy to let market, identified by the CML this year as the number one buy to let lender in terms of size. Property investors, like many other mortgage applicants, are often busy people. BM Solutions' comprehensive buy to let product range, supported by superlative technology, offers brokers an excellent means of providing these clients with great products coupled with swift service.
