

Best Mortgage Network

Personal Touch Financial Services scoops the inaugural Best Network Award

The category celebrating the best mortgage network is introduced this year and the first winner is Personal Touch Financial Services. It boasts a system truly designed by brokers for brokers, so it is no surprise that you voted it top of the network pile.

It is constantly updating its systems and invests around £30,000 a month in technological development. All enhancements are carried out inhouse, meaning it is not reliant on third-party organisations. Its members benefit from this as changes are brought to market a lot quicker.

Personal Touch also has Mortgage Box, a facility that can be used by directly authorised intermediaries. It has a quick and easy online registration process with access to exclusive products and offers fast payments from lenders direct to your bank account.

With an integrated functionality, an enviable range of accessible products and service levels that can't be beaten, it is no surprise that Personal Touch is ahead of the pack.

Web address: personaltouchfs.com

Online opening hours: 24/7

Number of products accessible through the system: Several thousand through multiple sourcing integration
